ABOUT US

Vision and Mission

Sodema Joint Stock Company, formerly known as Solar Top Joint Stock Company, is established on the basis of green and sustainable values in the energy field. Our orientation is to develop a variety of products and solutions in the energy industry, including renewable energy (solar power, wind power) and traditional energy (hydroelectric power, thermal power). By the effort of the whole team, Sodema has gradually affirmed its brand and given trust to all customers, partners and shareholders.

The meaning of Sodema is expressed through the first letter of following words: So (Solar, Solution), De (Device, Development) and Ma (Material, Man). Through these layers of meaning, Sodema desires to bring customers perfect solutions for the development in the energy sector, contributing toward the sustainable growth of society and responsibility in human and social development.

- Close relationship with customers and high competitiveness
